WACOM® for Business

Wacom Signature Display 12

The benchmark for affordable eDocument solutions

PRODUCT OVERVIEW

Featuring an 11.6" Full HD resolution LCD screen, driverless performance and state-of-the-art encryption, the USB-powered Wacom Signature Display 12 (DTC121) is the benchmark for affordable eDocument solutions.

The vivid 11.6" Full HD LCD screen enables a high-quality user experience for digital document signing, form filling and document annotation. The compact design and thinner profile are ideal for space-constrained desktops. USB-charging contributes further to a clutter-free working environment. And security is ensured with state-of-the-art encryption and a Kensington Nanosaver slot that helps prevent theft.

As with all Wacom products, the Wacom Signature Display 12 (DTC121) is extremely durable. Backed by our 3-year standard warranty and 5-year extended warranty*, you can be confident that it will look and perform like new for years to come. Plus, driver-free**, plug-and-play installation makes set-up a breeze. The device can also be expanded with add-ons such as NFC readers.

The Wacom Pen Driver is required in order to utilize most Wacom Ink SDKs. For full compatibility information, please visit our **developer documentation**.

WACOM® for Business

KEY FEATURES & BENEFITS

- **Simplified integration**
Single cable and driver-free installation makes workspace integration quick and easy.
- **Secure Transactions**
Transaction security with state-of-the-art AES/RSA encryption
- **Enhanced Productivity**
Type-C USB for easy plug-and-play usage with the latest PC models.
- **Reduce Clutter**
Single cable connection and additional USB-C input built-in. Ideal for saving space when connecting a fingerprint scanner, NFC reader or other accessories.
- **VDI Compatibility**
Certified for use with Citrix and VMWare virtualized environments.

* Sold separately

** Requires Windows 10+
