DTU-1141B
10.1-inch Pen Display

wacom® for Business

DTU-1141B

The leading eDocument and eSignature solution

Product Overview

The DTU-1141B provides an ideal document viewing and signing experience with its 10.1-inch, full HD resolution screen, minimal footprint and thin profile. It operates as an external monitor, but utilizes Wacom's patented pen technology to provide input for writing and signing. It is perfect for business applications that benefit from people working directly on screen with a pen, such as presenting forms for customers to review sign electronically, or mark up and annotate documents. While not in use for signing, it can display slideshows or advertising videos.

Key Features:

- 10.1" LCD boasts full color, full HD resolution (1920x1080) and wide viewing angle.

- Patented, cordless, battery-free pen with 1024 levels of pressure sensitivity for premium signing/writing experience.

- Single USB cable installation. USB cable supplies video, power and USB data.

- State-of-the-art encryption to ensure secure transactions.

- 4 capacitive-touch ExpressKeys can be assigned to common functions.

- Hardened, anti-glare surface provides high durability and easier viewing in different lighting conditions.

- Unique hardware ID (UID) to identify the exact unit used for any transaction.

- Kensington® Security Slot to secure the unit when needed.

- Standard VESA mounts allow you to use third-party arms and stands.
