wacom® Cintiq

Dive into Creativity

Wacom Cintiq is a creative pen display that comes with the industry-leading Wacom Pro Pen 3 that is also included with our professional models. With its ultra-responsive pen, high-resolution 2.5K display, and anti-glare surface, the Wacom Cintiq offers a natural, paper-like drawing experience across a spacious workspace. Choose the model that best fits your creative workflow: 16.0 in, 23.8 in, or 23.8 in with multi-touch.

Wacom Pro Pen 3 with improved drawing experience

The Wacom Pro Pen 3, which is also used in Wacom's flagship professional models, is included as standard. The battery-free pen does not require charging and delivers an accurate, sensitive, and natural drawing experience.

Compact design with a large active area High-resolution and high-quality display

The compact body features a fully flat, narrow bezel, along with a 2.5K resolution display, which is approximately 1.8 times greater than Full HD. The 23.8 in models offer a spacious drawing area and include a version with multi-touch, while the 16.0 in model has a reduced footprint that can fit on any desktop.

Easy connection and tidy cables for a clean creative workspace

Supports USB-C, HDMI*¹, and USB-A*¹ connectivity. The Wacom Cintiq 16 can be connected via a single USB-C cable*².

### Wacom Adjustable stand Supports any angle that you like

The smooth and quiet adjustable stand lets you easily change the screen angle to match your posture and line of sight.

Included with Cintiq 24 and Cintiq 24 touch, and also compatible with Cintiq 16 (sold separately).

*¹ Requires HDMI to mini HDMI cable and USB-C to USB-A cable (sold separately).
*² Requires a computer that supports DisplayPort Alt Mode and USB Power Delivery.
